

Acrylic Binder

Is styrene acrylate

Dispersion recommended for

Both satin and matt, interior and

Exterior conventional wall paint

Range of application

- conventional wall paint:
- Interior and exterior
- Satin and matt
- Good performance in stucco formulations

Features

- Versatile in use,
- Suitable for both interior and exterior paints
- Good scrub resistance
- Good paint stability
- Proven exterior durability

Technological dates

Product	Solids	ca 49 %
Characteristics/ Specification (Excerpt)	pH	ca. 8, 5
	Ingredients	mod Styrol/Acrylat Copolymer
	Particle size	ca. 140 nm
	Viscosity (Brookfield RVT spindle 5 @ 20rpm)	200 mPa.s
	Viscosity (Brookfield RVT spindle 2 @ 50rpm)	700 mPa.s
	Surface structure	44 mN/m
	Restmonomer	<100 ppm
	Viotility Organic Substance	<200 ppm
	MFT	<+5°C
	Tg	24 °C
	Stabilisation	anionic
